

Annual General Meeting & Social with HATters

IAN 26 2017 at 6:30 PM, Horticulture Centre of the Pacific
Pavilion, 505 Quayle Rd.

Please join us for our Annual General Meeting & Social on **Thurs, January 26** at the Horticulture Centre of the Pacific Pavilion, 505 Quayle Rd. Followed by a special guest speaker!

With a **Social Mixer for HATters** to mingle before the meeting and presentation. Enjoy refreshments, light snacks, and great conversation about conservation! There will be short and sweet updates by HAT staff and you will have the opportunity to meet the Board and your fellow members.

Free for everyone, and you are encouraged to bring a friend. Only members can vote, but you can renew or become a member at this event.

Doors open at 6:30pm, General Meeting begins 7:00 pm, Speaker at 8:00pm

Contact Us: email: hatmail@hat.bc.ca
mail: HAT PO Box 8552 Victoria, BC V8W 3S2 | web: www.hat.bc.ca | ph: 250.995.2428

Join us in the new year

Events and opportunities to help conserve Victoria's special natural places and get involved with HAT.

In the Field or Office: Interested in joining us outdoors to maintain and restore habitat on our protected lands? Or, how about in helping with fundraising events, GIS mapping, photography, or other activities? Contact us with your interests or sign up for our e-news on our website to receive updates about restoration, office, or other opportunities: volunteers@hat.bc.ca or call 250-995-2428.

Spring 2017: Matson Conservation Area Spring Fling! This spring HAT will be hosting our second Spring Fling. Enjoy kid friendly outdoor activities, nature walks and talks with local experts, and take in the gorgeous wildflowers at Victoria Harbour's last protected Garry Oak ecosystem: The Matson Lands.

June 15th 2017: Have you been to our annual ***HAT Member Lunch?*** It is a great opportunity to get an update of HAT programs, and enjoy a light lunch with staff and the board. Get to know your fellow HAT members and supporters. Refreshments provided for attendees.

Summer 2017: Shoreline habitat is the critical interface between land and sea. We plan to visit the residents along the Methchosin shoreline for the 2017 Good Neighbours Project. Book your landcare consultation with HAT's Stewardship Coordinator and stay tuned for celebrations in the fall.
